ASSISTANCE ON SCHOOL BLOCK

I write to officially ask if you would assist us with one million kwacha for the construction of a school block to be constructed this year.

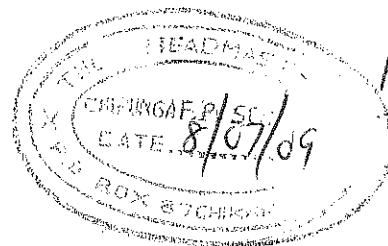

We have one million Malawian kwacha from German Embassy the same issue of a school block which they promised us. The contractor needs the money amounting MK2 million. We have no-where to get.

The block which is needed is that one with a veranda in it.

I will be glad to here from you

Yours

H.Y. Thindwa  
Chairperson.
