ANSWERING THE LETTER OF 6 FEBRUARY 2015

Dear GRACE members,

Thank you for answering our letter of 7th January and give us the information where you don't understand.

1) Tertiary Education

Well understood for the information that you sent it to me last time through Joana and Jonathan. Everybody has to understand that the budget is limited for you and the budget for this is over.

The student who are supported for this year are five. And we have also announced that if they will be a chance for next year the children should start applying now before time.

2) Laptop

The teacher's are lady to get the loan. But you should not buy the laptop in Germany. You will buy the laptops in Malawi after you have been discussed with C.D.C.

They have promised to start pay in advance any time from now. Non of them has started.

3) Budget

Well studied of attached B for the budget review. Some of the things for the worker's have been reduced. But what we want to tell you is that when we send you a proposal we expect two things:

1: To get the positive answer or

2: negative answer.

What we mean is that we can not force you to give us the things that we have proposed.

Because we don't knew about your financial status. What you should be doing is that you better choose what you can afford.

It shows that we are presurising you in all our doings. We proposed a lot of things and expensive one's. Please choose some of the things. I know fo sure that your thinking is much better than us. :)

4) C.D.C Monthly Minutes

Sorry for being disapprint wiht the way how we wrote our minutes. I know for sure that since we have been elected our committee has never gone for training so we are doing things from our own. We got the example of what we should be doing. Hopefully during your stay we should do that maybe is when you can give us that budget.

5) Smartphone cell for the C.D.C chairperson

Thank you very much to all the managing member's of GRACE for come up with the disson of buying a phone for me and all the elected chairperson for C.D.C that he will be using this phone for easy communication. This is well understood that any elected chairperson will use this phone but he or she should be buying the units.

Part B

Wish list C.D.C

The C.D.C has reduced their budget list from 12 to 4 thus:

- 1: Cooking pots
- 2: Blankets
- 3: Gumboots
- 4: Bicycles

I hope that the annual general meeting for this year was so grate.

Yours in service.
Daniel Mthuti
C.D.C chairperson

NB: Please send me the budget for this year otherwise things will come worse in the next days especially in the feeding programm.
