Application for support for salary for pre-school teachers

We would like to apply for the support as mentioned above. As you are aware that our teacher went for training a week each person. Now we see that there is an improvement in terms of performance for both pre-schools. With this great change we are applying for a support to increase the allowances for the teachers. First they were getting or they are getting 1000MK. And again the time has also changed instead of teaching two hours now they are teaching four hours. Once we discussed with Dagmar about how we can increase their allowances then we come up with a figure amounting to 4000MK per month.

I think Dagmar is there she can explain more about this.

With best regards

Daniel Mthuti
