Agreement on fertilizer purchase

Dear Mr. Chairman (Dear Daniel)
Dear CDC Members

We agree to buy fertilizer as soon as possible. Bernhard Schwarz has been requested to purchase the needed types and to organize the transport to Chipunga. Workers have requested following quantities:

Type of Fertilizer	amount	number	total
23:21:0+4S	11.150	30	334.500
UREA	11.150	7	78.050
CAN	9.100	23	209.300
			621.850

50 % must be paid back, which is MK 850 – 900 per worker and month. Tough if you consider the payback for mattresses in addition. So, CDC shall decide whether the approach per individual consumer is feasible.

Depending on the devaluation of the Kwacha total costs may vary within the proposed range above which is OK to us. Please consider the needs of the teachers as well. We expect a proper tracking of the self contribution payback. The fertilizer outlay is to be seen as a first instalment of the annual budget for 2013 which has not been fixed so far.

We are looking very much forward to hearing from you with regard to the other open questions mentioned in my previous letter.

With best regards,

Dr. Jens Diedrich
President GRACE charity
